Big Mines and Mills Are Being Operated at High Tension With Pleasing Results

A resume of conditions in Tonopah financiers have visited the New relatives at Sacramento and Divide and other districts of Gibraltar holdings, while many local W. H. ROBERTS of the Progress southern Nevada seems most opport mining men have taken advantage bakery, accompanied by Austin War physics through an ocean full of throughout the country touching upon been taking place, and all agree that southern California resort points. the mining findistry. While the int- the property is destined to soon be. LEE HENDERSON, popular driver provenuest that has been taking place classed among the big producers of of the American Railway Express Lights of the Desert," and "Robinthat that we on the desert have the holdings will be properly equipped the next sen days of 500 hit our proper stride, but the in disc course of events the only a matter of a short time and a substantial production is re-flustrated one there will be unusual activity sulting at all times. The output from Dick GHABERT, accompanied by

enous of sweatth to add to the treas been quite prolife of results irs of the country, and it would weem that they had not reached the zenith ther mechanisms by any means. The Tonopuli Relmont, West End consulidated. Topopah Expension and Tonopah Mining will continue to currender liberally of the precious mortals for a long term of years, and it is evident that the life of the ustrat will extend over a period of long duration. The fact that rich at 10 30 n. m., followed immediately great depth has given stimulus to tions at 7:30. the situation is a general way, and being greatly stimulated during the it the corner of Florence and Cross (and makes frequent visits to that passing months and years.

It will be only a matter of a very by. Sunday school at \$ 45 a m squipment at the Tonopalt Extension colock. Subject. "Matter." will be rendering yeoman service. which means that the output will be greatly augmented and that the scope if development will be broadened in many ways. Already the effect of operations in progress has been felt through increased production at this property. The West End Consolidated company is still maintaining is heavy production regardless of the fact that the milling contract with the MacNamara Mining and Willing company has been terminated. Additional equipment was provided ? for the company mill which has resulted on an average of 1750 tous of ore being handled weekly.

Development that is going forward so a number of the smaller mines of he district, neluding the North Star, Whitway, Crescent, Rescue-Eula and others, has been most pleasing, and from authentic sources it has been earned that it will be only a shor time until other mines that have been lying dormant for long periods will be receiving attention. The passage of the tariff bill and the practical settlement of the rall and coal strikes which paralyzed business conditions throughout the nation has stimulated matters in no small way, and a seaann of unprecedented prosperity is promised for all industrial enter-prises, and especially in so far as it applies to the mining of the precious

The Tonopah D vide mine in the Divide district is commanding the attention of those interested in mining in this section of Nevada. The great bodies of ore that are now showing throughout the various workings, and the fact that new discoveries of magnitude are being made in many of the upper workings, and the further fact that a heavy earning is resulting while development is being carried forward, has created no little interest. Other issues of the Divide are becoming popular with the investing public as a result of the forthcomings from the Tonopah Divide, and the district gives promise of growing in popularity. Several properties lying adjacent to this producer are giving good accounts of themselves, most prominent of which Lucky Boy-9500, 49, 1500, 50; 2000, are the Gold Zone, Dividend, Alto and

Divide Extension. it is pleasing indeed to make mention of what is being accomplished in a mining way at Manhattan, the gold camp of Nye county. There is greater activity in evidence than at any time in several years, and the big White Caps mill is being operated night and day upon an excellent Red Hills-5000, 05 (B60); 7000, grade of ore. At present sixty men are being employed about the mine and mill. The announcement that the Manhattan Consolidated property is shortly to be equipped with a modern mill of fifty tons dally capac-Development-2000, 16: 1000, 18; ity has created a spirit of optimism in the gold camp, and owners of
